

What is the Correct Uniform?

				
Blue soft shell (if required because of the weather).	School jumper.	School polo shirt.	Black jogging bottoms (either cuffed or straight), or black sports shorts - jersey material OR black school shorts/trousers.	Black shoes OR Plain black trainers either material or leather

It is important to clarify that the school PE kit is **not** a substitute for the regular school polo shirt. While we understand the convenience of having multiple uses for clothing, maintaining a clear distinction between PE attire and the school uniform helps create a sense of professionalism and belonging in the classroom environment.

PE Clothing is not acceptable for everyday school use.
